Step 1: Set up a Dedicated Email Account just for PaidtoReadEmails

Now that you are going to be actively participating in PaidtoReadEmails, you will be using email a lot. Once you start registering with companies in our database, you will start receiving plenty of invitations and you definitely don't want to miss any of those opportunities.

For this reason, we highly recommend setting up a separate email address to be used for everything related to PaidtoReadEmails. By having a separate email account dedicated to PaidtoReadEmails, your PaidtoReadEmails-related emails won't be mixed up with other emails and you won't miss any PaidtoReadEmails opportunity.

You can set up a free email account at Yahoo.com. To our opinion, this is the best free email service on the web.

TIP: Don't use a Hotmail.com email address. Our members have informed us that all the PaidtoRead mails are sent to the spam folder.

TIP: PaidtoReadEmails companies send emails out to all of the members that meet the PaidtoReadEmails criteria, but once the position is filled, they close it. To have the best chance participating in PaidtoRead, read your email every day and respond to invitations right away.

Step 2: Get a <http://graphcard.com/> Account as an Alternative to PayPal so that you can Maximise your profit for PaidtoRead as a Nigerian.

You will need a <http://graphcard.com/> account for receiving your payment as this can be deposited to your **GTBank** account here in Nigeria at your request. To open an account with <http://graphcard.com/>, simply go to <http://graphcard.com/>. Open your free account and its that simple.

What they do is that they make it possible and easy for their members to fund their <http://graphcard.com/> account by paying the Naira equivalent of the Dollar amount into their respective

<http://virtualterminalnetwork.com/> accounts here in Nigeria. And they fund your <http://graphcard.com/> right away. It is simple and easy if you let them do it for you. Go register with them now at <http://virtualterminalnetwork.com/>

Step 4: Acquire a US Virtual Address from <http://graphcard.com/> which is \$5 and you will be charged \$5 monthly for the renewal of the address

Step 5: Request for a US Phone Number from <http://graphcard.com/> which you pay \$10/month at the minimum.
