Immediately you do that, you will see about 6 survey jobs waiting for you, take a look at mine below

That is about \$26 survey job waiting for me and if I take the next few minutes to complete the survey, that is about \$26 instantly!. It is 100% Real.

If I do this with 10 accounts today, I will make \$260 immediately..

How To Make More Money From This Website

They also have a referral program where they pay you \$1.25 for everyone you invited to them who also take the survey.

There are several ways you can refer people. Apart from referring your friends and colleagues, you can use this material as a free report and get thousands of people to join through you, who won't. It is 100% Free.

If you use a small page advert in a major business newspaper or through forum marketing, you can easily get 500 people to join in that first month and that is \$625, if I was you I would set a target for 2,000 people and I bet you I can hit that numbers in a matter of week and that would earn me

\$2,500 without spending a dime. And that means I have been able to build a BIG list that.

How To Receive Your Money.

Your earning must have gotten to \$75 before they can send out your payment and also they pay only through paypal. Opening a paypal is very easy, just lay your hands on the paypal report that comes with this e-book okay.

Note that, this website only allows one i.p address, which means if you are thinking of opening multiple accounts with them, then you have to use multiple accounts for both your registration and when filling the jobs otherwise your account will be banned!

Once you receive your money into your paypal account, you can either use a U.S.A bank account to withdraw it or other methods that I use like using a payoneer master card. If you don't have one just e-mail me and I will help you out.

You can get a payoneer master card from me for just \$4,000 only and within 30 days of your payment the payoneer master card will be shipped to your door step with your name inscribed on it.

Other Genuine Survey Website

I am going to list other genuine survey websites here, use the same method as above and you will start getting pay immediately:

www.prizelive.com

www.surveyhead.com

www.surveyhead.com/index/php

So go ahead and start using this website to earn money immediately. Follow the rules as stated in each website, take surveys and refer friends and open multiple accounts and I see no reason why you shouldn't be \$2,000 to \$4,000 richer by Christmas 2009.
